

# WORKPLACE REHABILITATION SERVICES

Vario Health Clinic provides comprehensive treatment for a wide range of conditions and injuries. Our multidisciplinary approach exceeds the offerings of traditional clinics.

Our team includes physiotherapists, exercise physiologists, and dietitians, all conveniently located under one roof and equipped with the necessary resources. Our providers are skilled in diagnosing, treating, and developing preventative plans to mitigate future flare-ups.

While workplace rehabilitation services have been available for decades, Vario Health Clinic is distinguished by its emphasis on continuity of care, ensuring that our patients receive a seamless and integrated treatment experience
